From: _____ To: _____	\$ _____

Paragraph B set forth in Section VIII, Extended Reporting Period, of the General Terms and Conditions is amended to add the following:

For the coverage(s) selected above, the **named insured** has elected to purchase the **extended reporting period**. All terms and conditions in this Section will apply to **claims** first made and reported during such **extended reporting period**, as a result of a **wrongful act** that took place on or after the applicable **retroactive date** and prior to the end of the **policy period**. The selected **extended reporting period** applies only to the **named insured**. The duration of and additional premium associated with the applicable purchased **extended reporting period** is set forth above under the applicable selected coverage(s). With respect to the Professional Liability Coverage Part this **extended reporting period** is unlimited in duration.

The purchased **extended reporting period** will not take effect unless the additional premium for it is paid when due. If such premium is not paid when due, the **extended reporting period** will not become effective and the **named insured** will have waived the right to purchase the **extended reporting period**. If the premium is paid when due, this **extended reporting period** may not be cancelled.

Further, there will be no additional Limits of Liability for any purchased **extended reporting period**. The applicable Limit of Liability will be the limit that is in effect at the end of the **policy period**. The Limits of Liability are not reinstated or increased for any **claim** first made and reported during the Purchased Extended Reporting Period.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.
